The Honorable Julius Genachowski  
Chairman  
Federal Communications Commission  
445 12th Street, SW

**Re: MB Docket No. 10-56**

Dear Chairman Genachowski:

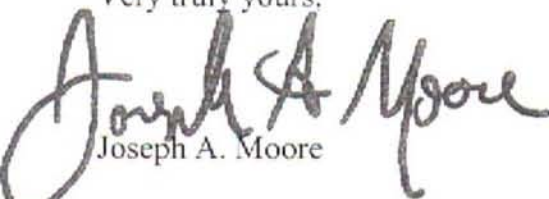

I am writing to express my strong support for the Comcast-NBC Universal partnership currently under review by the Federal Communications Commission. As Alderman for Chicago's 49<sup>th</sup> Ward, I am pleased to tell you that my interactions with Comcast have been overwhelmingly positive.

I have found Comcast to be a solid corporate citizen that has invested in the well-being of Chicago and the community I represent. I have an excellent working relationship with Comcast's employees, both in Chicago and nationally, and have witnessed the hard work of its employees on Comcast Cares Day. I'm also aware of the numerous community-based organizations the company supports throughout Chicago, and the courtesy Internet and cable service it provides to our schools and municipal facilities.

Comcast's commitment extends beyond Chicago. I served as chairman of the National Democratic Municipal Officials Conference and on the board of the National League of Cities, and have heard equally positive things about Comcast from my colleagues across the country. The support Comcast provides to our communities is particularly welcome during these difficult economic times when the budgets of municipalities and not-for-profit organizations are stretched beyond limit.

We need to grow our technology-oriented businesses in order to create new jobs and opportunities. The partnership between Comcast and NBC Universal promises to provide new opportunities to experience information and entertainment, and at the same time expand our economy. I urge you to approve this important endeavor.

Very truly yours,

Joseph A. Moore
